

ICE MANIA

Welcome to the Ice Mania rules!

Ice Mania is a 3-reel, 3-row video slot. The game is played with 5 fixed paylines. The game has 7 regular symbols and Wild symbols.

The objective is to spin the reels so that the symbols form a winning combination on the existing paylines.

The more expensive symbols in the winning combination, the greater the win. The required number of symbols to create a winning combination, win coefficient, and paylines are all displayed in the Paytable.

WILD

Wild symbol substitutes for all symbols in the winning combinations.

PAYOUT RULES

Winning bet lines are paid in case the winning symbols are arranged succession from the leftmost reel to the right one.

Winning combinations are formed by 3 matching symbols.

The win for a combination is equal to the coefficient multiplied by the bet.

Malfunction voids all pays and plays.
