

Welcome to the Legends of Ra rules!

GAME DESCRIPTION

Legends of Ra is a 5-reel, 3-row video slot.

The game is played with 9 fixed paylines.

The game has 8 regular symbols, Scatter substitutions, Bonus Game and Free Spins with Expanding symbols.

The objective is to spin the reels so that the symbols form a winning combination on the existing paylines. A winning combination of identical symbols is formed in sequence from the most left to right reel. The more identical symbols are formed successively, the greater the win. The required number of symbols to create a winning combination, win coefficient and paylines are displayed in the Paytable.

FEATURES

Scatter symbol

Scatter substitutes for all symbols except Bonus symbols.

3 or more Scatter symbols trigger 12 Free Spins.

Free Spins

Before the start of Free Spins, one symbol is randomly selected and becomes the Expanding symbol.

If there are enough symbols to form a winning combination then this special symbol expands and covers 3 positions on the reel.

The special symbol will expand only after prizes for regular winning combinations have been evaluated.

Expanding symbols form combinations, even though the symbols are arranged on non-adjacent reels.

Scatter symbol does not substitute for Expanding symbols.

Free Spins are played with the same Bet as the spin that activates Free Spins.

Additional Free Spins can be won during Free Spins.

Bonus symbol

3 or more Bonus symbols trigger Bonus Game.

Bonus symbols do not appear during Free Spins.

Bonus Game

There are three statues in the Bonus Game.

The player presses Roll button to highlight them.

Bonus Game is finished, after one of statues is fully highlighted.

The win for a statue is equal to the coefficient of the corresponding statue multiplied by the bet.
