GAME DESIGN

	<h3>Game Theme and Graphics</h3> <p>4 Reel Kings™ = 4 chances to win! With 4 Reel Kings™ 20 reels spin on 4 slots which make your chances of big winnings soar!</p> <p>You can really cash in when the right combinations land on the 20 win lines. If the money bag appears on all lines, then you'll make a tidy profit!</p>
	<h3>Main Game</h3> <p>The Reel Kings have even more win chances for you: These mini-slots appear randomly or when all of the letters of the words of the slot title 'Reel King' light up within one game. Up to 5 Reel Kings pay out every time that you land 3 '7' symbols. And that's not all: All Reel Kings pay between 5 and 500 times your stake!</p>

Consecutive Games

4 Reel Kings is played on 4 small sets of reels consecutively on the screen. Each spin of a set of reels comprises one game. The games are played in the following order on the screen.

Reel King Feature

Above the 4 sets of reels is a banner that says '4 Reel Kings'. At random during play, one or more of the 5 letters that make up '4 KINGS\$' will illuminate with a 'CLANG' sound. These letters will remain lit until the end of the 4th game. Then at the start of the 1st game, any lit letters will extinguish and the process will start again. If on any game all 5 letters become illuminated, the Bonus King Feature will be triggered.

When this feature occurs, one or more Reel King characters will appear across the middle of the screen and pay a series of wins to the player. The awards and values are the same as in the normal Reel King feature. Again, when a losing combination appears on all characters, the feature ends. This feature lasts for a minimum of 5 spins and pays between 18 and 500 times the Total Bet.
