Variations (%)	92	94
Return (%)	92,00	93,94

GAME DESIGN

Game Theme and Graphics

In Jolly Fruits the Joker isn't the only one who has a lot to laugh about: Our Jolly Fruits juggles with colorful fruits, the promising BAR-symbol and the golden star, all which serves as the Scatter and can also trigger a large Jackpot like the Joker!

Main Game

In the regular play the winning combinations in Jolly Fruits must start on the left of the first reel and continue along the pay line to the right. To win, the same symbols have to lie side by side, with no other symbols in between them. The 'Jolly' (Wild) substitutes all symbols except the 'Star' (Scatter). Scatter symbols win in each position on the screen.

Jackpots

Jolly Fruits has a common Jackpot for all stakes and currencies. 5x 'Jolly' on a win line wins the 'Jolly Jackpot'. On maximum bet, the initial win for 5x 'Jolly' and 100 percent of the Jackpot will be paid (equates the 'Jolly Jackpot' that is displayed in the game). 5x 'Star' (Scatter) wins the 'Star Jackpot'. On maximum bet, the initial win for 5x 'Star' and 20 percent of the Jackpot will be paid (equates the 'Star Jackpot' that is displayed on the game). On lower stakes the correspondent share of the progressive Jackpot will be paid, depending on the current stake.

Rules

- 'Jolly' substitutes for all symbols, except scattered 'Star'.
- All pays are for wins of left to right, except Scatters, which pay any.
- All prizes are on selected lines, excluding Scatters.
- Highest win only paid per selected line.
- Line wins are multiplied by credits bet per line.
- Scatter prizes are multiplied by total bet.
- Scatter wins are added to line wins.
- Malfunction voids all pays and plays.

PAYTABLE

SYMBOL	5x	4x	3x	2x	LINE	SCATTER	SPECIAL FUNCTION
