GAME DESIGN

Game Theme and Graphics

Countless winnings – there must be magic involved! This All Pay slot game will fill your gaming account with legendary quantities of winnings! If the 'Magic 81' symbol is also part of your winning combination, you'll hear several "ka-ching!" sounds and you can look forward to winning two times to eight times as much as the regular prize!

Main Game

Magic 81 Lines™ is played on 4 reels with All Pay. There are no set win lines in this game. Rather, you land a win when you, starting from the leftmost reel, land 3 identical symbols on 3 neighbouring reels. Since the game has no win lines, it is of no importance where the symbols are exactly located on each reel. As long as the symbols, starting on the leftmost reel, are appearing on each reel, they count as a win. The aim of the game is to land identical symbols on all 4 reels in a single spin.

For each 'Magic 81 Lines' symbol substituting in a winning combination, the win is doubled:

- 1x in winning combination adds a x2 multiplier
- 2x in winning combination adds a x4 multiplier
- 3x in winning combination adds a x8 multiplier

The 'Magic 81 Lines' symbol appears on at most 3 reels.

Rules

- All prizes are for combinations of a kind.
- All prizes are for combinations left to right.
- Highest win only paid per combination on screen.
- All win values are multiplied by total bet.
- Malfunction voids all pays and plays.
