## GAME DESIGN

### Game Theme and Graphics

Welcome to Red Hot 40 where burning fruits await you on a 4-symbol-5-reel slot with 40 fixed paylines. Stay cool because it's going to be hotter than hell!

### Main Game

Winnings are paid out on the highest combination on each enabled line only, except for Scatter wins. Scatter wins are added to line wins. To produce a winning combination, the symbols must be next to each other on the enabled line, except Scatter wins. Winning combinations pay out from left to right, except Scatter wins. At least one of the symbols must be displayed on the first slot reel. A symbol combination starting on the second, third, fourth or fifth slot reels does not pay out. You are paid out for winning combinations on enabled lines only, except for Scatter wins. The Scatter 'Star' symbols can appear in any position on the reels. If you have a Scatter winning combination on the reels and a regular winning combination on an enabled line, you are paid out for both wins. The Scatter 'Star' symbol does not need to appear on an enabled line to win. The red 'Seven' is Wild and substitutes for all symbols except Scatter.
