

SCEPTRE OF CLEO™ GAME RULES

Sceptre of Cleo™ is a video slot game, played on 5 reels, 3 rows and up to 9 paylines. It features Free Spins Feature and Mystery Scatter.

Payout rules

- All winning combinations must appear from left to right and start on the 1st reel.
- Only the highest win is paid for each active payline.
- Payline wins are multiplied by the active line points.
- Scatter wins are multiplied by total bet and added to the payline wins.
- Free spins feature wins are added to scatter and payline wins.
- Free spins play at the same bet amount as the last spin.
- 3 to 5 Sceptre wild symbols trigger 12 free spins with x2 multiplier.

Payout Additional Info

- Payouts in the pay table are shown in credits.
- Balance, bet and win are shown in player's currency.
- All displayed prizes are prize totals with all applicable multipliers already taken into account.
- Malfunction voids all pays and plays.
- RTP of this game is 96.01%.

Sceptre Wild Symbol

- Wild substitutes for all symbols except the Mystery Scatter symbol.

Free Spins Feature

- Hitting 3 to 5 Sceptre wild symbols anywhere on the screen starts 12 Free Spins with x2 multiplier.
- Additional 12 Free Spins can be won within free spins infinitely. Multiplier and Mystery Scatter symbol stay the same.

Mystery Scatter

- For the duration of Free Spins one of the regular symbols, which is not Sceptre Wild symbol, is converted to the Mystery Scatter symbol and pays for Scatter combinations. The symbol uses original payable values, but pays multiplier of total bet.

- Scatter pays multiplier of total bet according to the game payable.

Desktop User Interface Elements
