Side Game

RED HOT FIREPOT

With an additional bet the Red Hot Firepot Jackpot Feature is activated, which can trigger a jackpot side game with every spin.

When the Red Hot Firepot is triggered, three ovens appear that open successively from left to right. If all three ovens are lit, continue to the Firepot draw. The collected points on the reels fill the thermometer and thus determine the Jackpot win.

Questionmark symbols can be worth between 7 and 15 points.

The player can choose between different additional bets.

With increasing additional bet per spin a higher win is possible, the chance to trigger the Firepot is increased and a prefillment is awarded to the thermometer.
