

WILD DOLPHINS™ GAME RULES

Wild Dolphins™ is a video slot game, played on 5 reels, 3 rows and up to 9 paylines. It features Free Spins and Wild symbol.

Payout rules

- All winning combinations must appear from left to right and start on the 1st reel.
- Only the highest win is paid for each active payline.
- Payline wins are multiplied by the active line bet.
- Free spins play at the same bet amount as the last spin.

Payout Additional Info

- Payouts in the pay table are shown in credits.
- Balance, bet and win are shown in player's currency.
- All displayed prizes are prize totals with all applicable multipliers already taken into account.
- Malfunction voids all pays and plays.
- RTP of this game is 95%.

Wild Symbol

- Wild symbols appears randomly in the Base game or during the Free Spins feature.
- Wild symbol substitutes for any symbol, apart from the Free Spins symbol.

Free Spins Feature

All 3 Happy Dolphin Free Spins symbols appearing on reels 2, 3 and 4 in the same spin start 12 Free Spins with all wins doubled.

- Before Free spins commence a number of Free Spins to be played is displayed.
- Paytable in Free Spins is the same as in the Base game.
- Additional Free Spins can be won within Free Spins feature infinitely. The same triggering rules apply and multiplier does not change.
- At the end of Free Spins a summary of wins is displayed and then the player balance is updated.

Extra Wild Symbol

- During free spins the Happy Dolphin (Free Spins symbol) turns into an Extra Wild symbol which retrigger the Wild

Dolphins Free Spins feature and substitutes for all symbols, including the Pearl Oyster wild symbol.
