This is the WILD symbol and substitutes for all symbols except for SCATTER. WILD symbol appears on reels 2, 3 and 4. Whenever a WILD symbol hits it adds a random multiplier of 1x, 2x or 3x to the total win of the spin. If more than one WILD hits, multipliers add to each other.

This is the SCATTER symbol. 3 or more SCATTER symbols trigger the FREE SPINS round. SCATTER symbol is present on the reels only in the base game.

FREE SPINS

3 or more SCATTER symbols trigger the FREE SPINS round.

Before the round starts, for every SCATTER that triggered the feature, 3 mini reels appear containing a possible number of 1, 2 or 3 free spins. All the mini reels on the screen spin, award a number of free spins and the total amount awarded is played.

The FREE SPINS round has a general win multiplier that applies to the total win of every spin. During the round, every time a WILD symbol hits remains sticky on the screen until the end of the round and the general win multiplier increases by 1x, 2x or 3x randomly.

Minimum win guaranteed for the FREE SPINS round is as follows:

Trigger with 5 SCATTER symbols - 30x total bet win guaranteed
Trigger with 4 SCATTER symbols - 20x total bet win guaranteed
Trigger with 3 SCATTER symbols - 10x total bet win guaranteed

If no more free spins are left and the minimum win is not reached the round re-triggers. For each SCATTER symbol that initially triggered the feature, one mini reel appears and adds randomly 1, 2 or 3 free spins.

There are no limits to the number of possible re-triggers.

Special reels are in play during the FREE SPINS round.

ANTE BET

The player has the option to select the bet multiplier. Depending on the selected bet, the game behaves differently. The possible values are:

Bet multiplier 20x - Normal Play

Bet multiplier 25x - The chance to win FREE SPINS naturally is doubled. More SCATTER symbols are present on the reels.

MAX WIN

The maximum win amount is limited to 5,000x bet in both base game and free spins. If the total win of a FREE SPINS ROUND reaches 5,000x bet the round immediately ends, win is awarded and all remaining free spins are forfeited

VOLATILITY

High volatility games pay out less often on average but the chance to hit big wins in a short time span is higher.

All symbols pay from left to right on selected paylines.

Free Spins win is added to the payline win.

All wins are multiplied by bet per line.

All values are expressed as actual wins in coins.

When winning on multiple paylines, all wins are added to the total win.

Only the highest win is paid per line.

Malfunction voids all pays and plays.

SPACE and ENTER buttons on the keyboard can be used to start and stop the spin.

MINIMUM BET: £0.20

MAXIMUM BET: £125.00

The theoretical RTP of this game is 94.51%

HOW TO PLAY

Click the  or  buttons to change the bet value and open the bet menu.
Select the bet you want to use in the game.

MAIN GAME INTERFACE

 opens the SETTINGS menu that contains settings which affect the way the game is being played.

 opens the Information page

CREDIT and BET labels show the current balance and current total bet.
Click on the labels to switch between coins view and cash view.
