

# 8 Flowers

8 Flowers is 9-reel video slot featuring Wild symbols, Double Reels Respins and Full Reel Multiplier.

The game has 8 fixed paylines.

Payline wins pay leftmost to right and top to bottom.

Wins are paid only for combinations of 3 consecutive symbols on the payline.

Wins on payline 7 and 8 are multiplied x2.

Winning combinations and payouts are made according to the Paytable.

Malfunction voids all pays and plays.

The game is also available in mobile version, matching the rules, bets and winnings of the classic version.

The game User Interface (UI) panel is located at the bottom of the screen.

## WILD SYMBOL

Wild symbol substitutes for all symbols.

**WILD FLOWER FEATURE**

Wild Flower feature is randomly triggered during any spin. During this feature, 1 to 8 Wild symbols are added on the reels, except reel 9 (center position).

**DOUBLE REELS RESPINS**

In case the Wild symbol lands on reel 9 (central position), first the current wins are evaluated and then the game respins with the Wild symbol stuck on the reels. For the respin, a second set of reels is added on the screen.

**FULL REELS MULTIPLIER**

All reels full of the same symbol, except Wild symbol, multiply the win in the current spin x2.

**GAMBLE**

You are able to gamble any win not exceeding [per operator].

The gamble feature is card based and you have to guess the color of the next revealed card.

A correct guess doubles the win; a wrong guess causes you to lose your win.

The win can be gambled until a wrong guess or until a limit is reached.

Collecting the win ends the gamble feature.

You can use the **HALVE** option to credit half of your win to your balance and gamble the rest.

Joker substitutes for any color.

**AUTOPLAY**

Autoplay will let you play the selected number of game rounds automatically at the current bet setting. Autoplay is stopped when the **AUTOPLAY STOP** button is pressed. The remaining number of spins is displayed while Autoplay is active.

**GAME LIMITS**

<b>Minimum bet</b>	per operator
<b>Maximum bet</b>	per operator
<b>Maximum win in a single game round</b>	per operator
