WILD SYMBOL

Wild substitutes for all symbols, except the Special expanding symbol.

FREE SPINS

Wild substitutes for all symbols, except the Special symbol.

When 3 or more Wild symbols land anywhere on the reels, 10 Free Spins are awarded. At the start of Free Spins, a symbol (except Wild) is chosen to act as the Special symbol.

During Free Spins, after the payout of regular wins, the Special symbol may expand to cover all positions on the reel.

Special symbols expand only when enough symbols for a win are present.

Special symbols pay like the appropriate regular symbols but do not need to be present on adjacent positions to result in a winning combination and do not have to start on the leftmost reel.

When 3 or more Wild symbols land on the reels during Free Spins, 10 additional Free Spins with the same Special symbol are awarded.

Free Spins are played at the same bet as the round activating Free Spins.

GAMBLE

You are able to gamble any win not exceeding (per operator).

The gamble feature is card based and you have to guess the color of the next revealed card.

A correct guess doubles the win; a wrong guess causes you to lose your win.

The win can be gambled until a wrong guess or until a limit is reached.

Collecting the win ends the gamble feature.

You can use the **HALVE** option to credit half of your win to your balance and gamble the rest.

You cannot gamble during Free Spins.

Joker substitutes for any color.
