Full Reels Multiplier
All reels full of the same fruit symbol multiply with the win x2.

Respins
During each spin, when winning combinations appear or existing winning combinations grow, they remain in place and the reels respin.
The wins for the given spin are awarded after the last respin.
The respin is played at the same bet settings as the round which awarded the respin.

Gamble
You are able to gamble any win not exceeding [per operator].
The gamble feature is card based and you have to guess the color of the next revealed card.
A correct guess doubles the win; a wrong guess causes you to lose your win.
The win can be gambled until a wrong guess or until a limit is reached.
Collecting the win ends the gamble feature.
You can use the HALVE option to credit half of your win to your balance and gamble the rest.
You cannot gamble during Free Spins.
