WILD SYMBOL

RESPINS

Winning combinations remain in place and trigger a respin.

In case a new symbol is added to the winning combination, the game respins until there are no new symbols in the combination.

The wins for the given spin are awarded after the last respin.

GAMBLE

You are able to gamble any win not exceeding [per operator].

The gamble feature is card based and you have to guess the color of the next revealed card.

A correct guess doubles the win; a wrong guess causes you to lose your win.

The win can be gambled until a wrong guess or until a limit is reached.

Collecting the win ends the gamble feature.

You can use the **HALVE** option to credit half of your win to your balance and gamble the rest.

You cannot gamble during Free Spins.

You are allowed to gamble 10 times during a single gamble feature.
